**CALENDAR 1979-80****Summer 1979**

May 28, Monday (8:00 a.m.) .... Register for first three week term.  
June 15, Friday (10:30 a.m.) .... Register for second three week term.  
July 6, Friday (10:30 a.m.) .... Register for third three week term.  
July 27, Friday (12:00 noon) .... Summer school ends.

**Fall 1979**

August 23, Thursday (7:30 p.m.) .... Faculty meeting.  
August 24, Friday (8:00 a.m.) .... Faculty meeting.  
August 26, Sunday (2:00 p.m.) .... Dormitories open.  
August 27, Monday (8:00 a.m.) .... Orientation and Registration.  
August 28, Tuesday .... Classes begin.  
September 3, Monday .... Labor Day holiday.  
September 4, Tuesday Last day for registration and adding courses.  
October 19, Friday (8:20 a.m.) .... Mid-semester grades due.  
October 22, Monday .... Last day for dropping a course without receiving a grade.  
October 22, 23, 24, Monday-Wednesday .... Religious Emphasis Week.  
November 21, Wednesday noon .... Thanksgiving holidays.  
December 18-21, Tuesday-Friday .... Final examinations.  
December 18, Tuesday (8:20 a.m.) .... Graduating sophomore grades due.  
December 22, Saturday (8:20 a.m.) .... Final grades due and Christmas holidays begin.

**Spring 1980**

January 14, Monday .... Registration.  
January 15, Tuesday .... Classes begin.  
January 21, Monday .... Last day for registration and adding courses.  
March 7, Friday (8:20 a.m.) .... Mid-semester grades due.  
March 10, Monday .... Last day for dropping a course without receiving a grade.  
March (TBA) Monday-Wednesday .... Spring holidays to coincide with MAE.  
April 3, 4, Thursday-Friday .... Easter holidays.  
May 12-15, Monday-Thursday .... Final examinations.  
May 12, Monday (8:20 a.m.) .... Graduating sophomore grades due.  
May 16, Friday (8:20 a.m.) .... Final grades due.  
May 18, Sunday (3:00 p.m.) .... Graduation.

## **COMMITTEES OF THE FACULTY**

The faculty is organized into the following standing committees:

Admissions

Curriculum

Student Affairs

Library

Discipline

Athletic

Absence

**NON-INSTRUCTIONAL STAFF**

Pearl Booth	Assistant Maintenance Engineer
Ray Bridges	Baptist Student Union Advisor
Elbert Burrell	Campus Security Officer
Hazel Cockroft	Secretary, Kosciusko Skill Center
John L. Crayton	Campus Security Officer
Bill Floyd	Campus Security Officer
Ying Gong	Wesley Foundation Advisor
Martha Hambrick	Secretary, Business Office
Lynda Irby	Secretary, Vocational-Technical Center
Virginia Jones	Secretary, Financial Aid Office
Evon Lepard	Supervisor, Vehicle Maintenance & Repair
John Lepard	Campus Security Officer
Mary Levanway	Secretary
Sherry McClellan	Receptionist, Switchboard Operator
Helen McKibben	Manager of Bookstore
Alice Mason	Secretary, Registrar's Office
Jeanette Roberts	Secretary, Registrar's Office
Oleane Shields	Dormitory Hostess, Yazoo Hall
H. H. Spell	Assistant Maintenance Engineer
V. D. Spell	Maintenance Engineer
Vuna Summerlin	Manager of Recreation Center
Aline Thorne	Secretary, Vocational-Technical Center
Ruth Thweatt	Campus Bookkeeper, MDTA-CETA
Mary Wilkie	Dormitory Hostess, Webster Hall, Nurse
Helen Williams	Dormitory Hostess, Grenada Hall
Emily Young	Secretary to the President

## GENERAL INFORMATION

### LOCATION

Holmes Junior College is located at Goodman, Mississippi, in the eastern part of Holmes County. The town and college, located on Highway 51 eight miles south of Durant, can be reached by means of Southern Trailways Bus Lines. This location is especially convenient to students from Attala, Carroll, Choctaw, Grenada, Holmes, Madison, Montgomery, Webster, and Yazoo Counties.

Goodman, though a small town, is well suited as the location for a junior college. Its people are proud of the school and accord its students a most cordial welcome. Through the churches — Baptist, Methodist, and Presbyterian — a special effort is made to serve the students of the college and to make them feel at home.

### HISTORY

Holmes Junior College evolved from Holmes County Agricultural High School which had its beginnings in 1911, when the town of Goodman provided forty acres of land and the Board of Trustees bought forty-two acres of land on the west side of Goodman, Mississippi, and established Holmes County Agricultural High School.

In 1922 the state legislature made it legal for the agricultural high schools to add two years of college work. In 1925-26 school session the first year of college work was added, and in 1928-29 school session the second year was added making the school a full-fledged junior college and eligible to award the Associate of Arts degree.

The support of the college has expanded from the original county of Holmes to include Carroll, Attala, Madison, Choctaw, Montgomery, Grenada, Webster, and Yazoo counties. The state through legislative appropriations, has assumed an increasing responsibility for the support of junior colleges in Mississippi. Thus, through district and state cooperation Holmes Junior College has built a plant with a replacement value of at least twelve million dollars and has come to take its place among the best junior colleges in the state system.

## PURPOSE

Holmes Junior College has as its general purpose to provide a two-year program of studies which will serve the educational needs of this area at a minimum cost to the student.

To meet these needs, the specific aims of the college are as follows:

1. To make available to students high quality education parallel to the first two years of senior college or university work in as many fields as is practical.
2. To offer vocational and technical courses in a variety of areas and to provide as rapidly as possible other courses for which there is sufficient student demand and industrial need.
3. To provide personal, academic, and occupational guidance which will assist individual students in discovering their abilities, aptitudes, and interests; in making adequate adjustments to college life; and in obtaining information necessary to furthering their educational or occupational careers.
4. To provide an environment which is conducive to serious study and which will encourage student responsibility, leadership, and logical thinking.
5. To provide leadership in curricular and extracurricular activities which will promote intellectual, cultural, social, spiritual, and physical development of the student.
6. To provide courses for adults (credit or non-credit) for personal enrichment or professional improvement.
7. To cooperate with the college district in furnishing facilities and activities which will be of benefit to the surrounding area.

## SCHOOL PLANT

The campus of Holmes Junior College, beautifully landscaped with trees and shrubs, is located on the highest peak in the area of about twenty-five square miles. The plant has grown from the three original buildings to fifty-six buildings.

Holmes Junior College owns a total of three hundred and five acres of land. The campus is composed of one hundred ninety-six acres. The primary buildings are as follows: Administration, Coliseum, Science and Mathematics, Fine Arts, Business, Vocational-Technical, Industrial Education, Agriculture, Home Economics, Library, Guidance, Child Care, Student Center, Recreation, Cafeteria, Gymnasium, Fieldhouse, Warehouse and Garage, Yazoo Hall, Choctaw Hall, Attala Hall, Grenada Hall, Webster Hall, M. C. McDaniel Building, Motel Hall, President's Home, and twenty-five faculty residences. A lighted football stadium with a track around it, a baseball field, six tennis courts, and a six-acre lake complete the facilities on the campus.

### DESCRIPTION OF BUILDINGS

The **Administration Building** was originally constructed in 1961. This building was formerly the McMorrough Library, and in 1977 was renovated for the use of all administrative offices.

The **Frank B. Branch Coliseum**, completed in 1973, is completely air-conditioned. It contains offices and classrooms for the band and physical education departments. It also contains athletic visiting quarters and dressing rooms for both boys and girls basketball. The gymnasium-auditorium has a seating capacity of 2,600.

The **M. C. McDaniel Building** was originally constructed in 1918. An auditorium was added in 1930, which has a seating capacity of five hundred and sixty. The first floor of the building was renovated in 1967 and again in 1977. Located on this floor and the ground floor are offices and classrooms for reading, psychology, economics, history, and government. The third floor was completely renovated and air-conditioned in 1971 and has offices and classrooms for the English department.

The **Science and Mathematics Building**, completed in 1971, is completely air-conditioned. It contains both classroom and laboratory facilities for chemistry, botany, zoology, physics, and mathematics. It has an auditorium with a seating capacity of 96, faculty offices, lounge, workroom, and greenhouse.

The **Montgomery Fine Arts Building**, completed in 1965, is completely air-conditioned and accommodates music, art, speech, drama, and foreign language. There is an auditorium with a seating capacity of 246.

The **Business Building**, erected in 1967, is completely air-conditioned and houses the data processing department and the business and secretarial classrooms, faculty offices and faculty lounge.

The **Vocational-Technical Building**, completed in 1966, houses cosmetology, electronic servicing, auto mechanics, machine shop, refrigeration and air conditioning, building construction technology, and drafting technology. A new annex was completed in 1975 which includes a library, offices, classrooms, drafting laboratory, and the auto body repair shop. A new addition was completed in 1978 and houses the agricultural mechanics and welding shops.

The **Industrial Education Building**, constructed in 1946, houses the drawing, metal, welding, and woodworking laboratories.

The **Agriculture Building** was erected in 1931. It houses arts and crafts laboratory, dispensary, campus security office, and a laundrette.

The **Home Economics Building**, erected in 1931, houses the home economics department, consisting of clothing and food laboratories.

The **McMorrough Library**, completed in late 1975, is a one-story brick building with a floor space of 44,000 square feet. The west

two-thirds of the building contains the book stacks and bound magazines, a spacious reading and study area, periodical room, typing and listening rooms. The east one-third of the library contains the educational media center, the librarians' offices, a double classroom, the Mississippi Room, a staff lounge, and rest rooms.

The **Guidance Services Building** was converted from a classroom facility in 1977. It houses the guidance department and testing center. The building also contains space for religious activities and offices.

The **Lorance Student Center** was completed in 1967. This building is the center of student activity. Located in this building is a snack bar, campus post office, book store, and faculty lounge. This building was renovated in 1978 and also houses recreational facilities including pool, ping-pong, chess, checkers, and a television lounge.

The **Recreation Building** has been renovated into classroom and office area.

**Carroll Cafeteria** was completed in 1963. It is completely air-conditioned and has a seating capacity of 380. Small groups can be accommodated in the private dining room which can seat approximately 50 people.

The **Gymnasium** was built in 1951. It is now used for selected physical education classes and intramural sports.

The **A. A. Derrick Field House**, completed in 1975, provides dressing rooms, storage, and laundry facilities for football, baseball, and track. It also contains modern, well-equipped facilities for visiting teams.

**Yazoo Hall** is a girls' dormitory which was constructed in 1968. It is completely air-conditioned and has a capacity of 104 students.

**Attala Hall** is a two-story boys' dormitory constructed in 1972. The rooms are constructed in groups of four. It contains a spacious lounge and faculty apartment.

**Grenada Hall** is a girls' dormitory which was built in 1920 and renovated in 1971. It is now completely air-conditioned and carpeted. Its capacity is 97 students.

**Webster Hall** is a girls' dormitory erected in 1920 and renovated in 1971. It is now completely air-conditioned and carpeted. Its capacity is 58 students.

**Motel Hall**, a boys' dormitory, was completed in 1962 and renovated in 1971. It is now completely air-conditioned and has a capacity of 68 students.

**Choctaw Hall** was constructed from an elementary school building in 1967 to a modern air-conditioned dormitory for men. Its capacity is 128 students.

The **Physical Plant**, completed in 1975, consists of two buildings: a vehicle shop containing a service area, a wash area, and car and bus storage; and a maintenance building containing an office, an employee service area, paint rooms, and areas for carpentry, plumbing, electrical and storage. The vehicle shop contains 6,750 square feet of floor space, and the maintenance building contains 13,025 square feet of floor space.

The **Child Care Center** was originally the Greenfield's Restaurant and purchased by the college in 1977 and renovated with adjacent playgrounds established for a Child Care Technology Program.

## ADMISSION AND REQUIREMENTS

### ACADEMIC AND TECHNICAL (Entering Freshman)

**High School Preparation.** (1) A student must have graduated from a high school fully accredited by the Mississippi State Department of Education, Mississippi Private School Association, or the regional accreditation association, or (2) must have earned fifteen academic units from a high school that meets the accreditation standard listed above. There must be three units of English, two units of mathematics, and four units of history, social science, and science (physical education and other non-academic subjects will not be counted toward the fifteen units), or (3) must have taken the GED test and earned the minimum scores required for the Mississippi High School Equivalency Certificate.

**Test Scores.** All applicants for academic and technical programs must take the American College Test. No minimum score is required; however, students with scores of 12 or below may be required to take one or more developmental courses at the discretion of their faculty advisor. (The ACT requirement is waived for applicants who last attended high school ten (10) or more years ago or who have earned a bachelor's degree from an accredited institution.)

**Probationary Admission.** Students who wish to enroll in an academic or technical curriculum with ACT scores of below 10 shall be admitted on probation. They are required to earn at least nine semester hours and eighteen quality points their first semester of full time attendance. The nine hours must include both the Developmental English and the Math courses. Failure to meet these minimum requirements shall result in the student being referred to the Academic Probation Committee. The Committee is authorized to take whatever disposition, including suspension or dismissal, they consider to be in the best interest of the student and the college.

Academic and technical students with ACT scores of below 10 are required to enroll in the General Studies Curriculum their first semester. This curriculum consists of:

ENG 1103 .....	Developmental English I
*MAT 1103 or MAT 1213 .....	Developmental Math I or College Mathematics I
REA 1102 .....	Developmental Reading I
EDU 1311 .....	Orientation
Elective(s) .....	Student's Choice
Total	12 to 14 Semester Hours

\*Certain technical students may be exempted from the math requirement at the discretion of their faculty advisor.

### **VOCATIONAL (For all except Practical Nursing)**

**High School Preparation.** (1) A student must have attained the equivalent of a tenth grade education (8 units) at a fully accredited high school, or (2) must have taken the GED test and earned the minimum scores required for tenth grade equivalency as set by the State Department of Education.

**Age.** Applicants who are not high school graduates must be 18 years of age.

**Deposits.** Applicants must deposit \$25.00 to reserve a place in a vocational class. This deposit is non-refundable but will apply toward student fees.

**Tests.** Applicants may be required to take various aptitude and placement tests at the discretion of the vocational department.

**Special Requirements for Cosmetology Students.** Two health certificates must be filled out and signed by a doctor within one month of entrance. An interview with the instructor must be completed prior to admission.

### **TRANSFER STUDENTS**

A transfer student is defined as one who has hours attempted on his permanent record at another institution. In addition to meeting the same admission requirements as an entering freshman, a transfer student must have an official transcript sent from each institution previously attended.

Transfer students who are on academic probation or suspension at their last institution may be admitted to Holmes on probation.

Students who are on disciplinary probation or suspension must petition the Admissions Committee for a special hearing.

A student who has successfully completed one semester (passed 12 semester hours and earned 24 quality points) shall be admitted in regular standing without regard to his ACT score.

**Place of Residence.** Holmes Junior College is supported by a nine-county district in central Mississippi. Normally, only residents from this nine-county district are accepted as students. However, a limited number of out-of-district students may be admitted by special action of the Admissions Committee.

**Non-Accredited High School.** Students who attended a high school not fully accredited by the Mississippi State Department of Education, the Mississippi Private School Association, or a regional accreditation association may petition the Admissions Committee for special consideration. Factors that may be considered are high school grades, test scores, and intended major at Holmes.

### PRACTICAL NURSING

Admission requirements to be met before a student enters training are:

1. The applicant shall be at least 18 years of age.
2. The applicant shall give evidence that he or she has completed the 12th grade in school or made an equivalent score on the G.E.D. Test.
3. The applicant shall make satisfactory scores on tests given by the U.S. Employment Service and Holmes Junior College.
4. All applicants selected for the practical nursing program must take the ACT.
5. The applicant shall be physically and emotionally fit as established by a completed physical examination and recommendation of the examining physician. The applicant must have up-to-date immunizations against smallpox and typhoid fever.
6. The applicant shall be a citizen of the United States or have pending citizenship.

7. The applicant shall meet the Admissions Committee, which after reviewing all records and interviewing the applicant, will make recommendations as to whether or not it thinks the applicant shows promise of becoming a good practical nurse. Records shall be kept of the interview.

The Practical Nursing program at Holmes Junior College is affiliated with five area hospitals.

### **SUMMER SCHOOL FOR HIGH SCHOOL JUNIORS**

1. The student must have an overall B average on all work completed — this must consist of at least 12 academic units, i.e., physical education, band, choir, and other non-academic subjects can not be included.

2. The student must have a minimum of an ACT composite score of 20.

3. The student must have a written recommendation from either his high school principal or guidance counselor.

4. All courses taught during the summer session are open to juniors, except those courses which the student would normally take during the senior year.

5. Full credit will be granted but will be reserved until the student either graduates from high school or is admitted to college as a full-time student.

### **ORIENTATION AND REGISTRATION**

First-time students must attend the scheduled orientation sessions. These will provide information about Holmes Junior College, its rules and regulations, types of organizations, clubs, etc. Also, college life in general will be previewed.

The following steps must be completed by each student before he will be accepted for enrollment at Holmes Junior College.

1. Complete and turn in an application form.
2. High school transcripts and transcripts of any previous college must be in the Registrar's office at Holmes Junior College.

3. An American College Test score must be on file at Holmes Junior College for academic or technical students.

The following steps must be completed to be enrolled.

1. Fill out registration cards.
2. Have I.D. picture taken.
3. Have picture made for the school annual.
4. Have schedule of classes approved.
5. Pay entrance fees in the Business Office.

If any of the above steps are incomplete, the registration of the student is incomplete and may result in his not being accepted as a student at Holmes Junior College.

## PROBATION AND SUSPENSION

Academic and Technical students with ACT scores of 9 or below will be admitted to Holmes Junior College on probation. They will be scheduled into the General Studies Curriculum, under which they must pass **both** the developmental English and prescribed Math courses. Students failing to meet these minimum standards, in addition to the regular academic standards, by the end of their first semester will not be eligible to return to Holmes as full-time students in any academic or technical area until they have (1) corrected their deficiencies or (2) remained out of school for at least one semester.

Students failing to meet minimum standards who elect to enter a vocational area second semester may do so, but will be admitted on probation. These students must earn at least a "D" in their coursework in order to be eligible to return to Holmes Junior College in that or any other vocational field. Those students making an "F" in their course will not be eligible to return to Holmes in any course as a full-time student until they have remained out of school for at least one semester.

All Academic and Technical students at Holmes Junior College must meet minimum standards of progress to remain in good academic standing. This means that a student must pass at least 9 semester hours and earn at least 18 quality points each semester. Students who do not meet these standards enter their second

semester at Holmes on Academic Probation. They must then earn enough hours and quality points to average 9 hours and 18 quality points per semester. Students who fail to meet minimum standards for two consecutive semesters will not be eligible to return to Holmes Junior College as full-time Academic or Technical students until (1) their deficiencies have been corrected or (2) they have remained out of school for at least one semester.

Vocational students must maintain at least a "D" average on their coursework. Students falling below a "D" will be placed on probation for one semester, while students falling below a "D" for two consecutive semesters will be suspended for one semester.

### CREDIT BY EXAMINATION

Credit will be allowed for any subject exam offered by Holmes through the CLEP provided a percentile score of at least 33 is reached. The general examination percentile scores must also be at least 33. Credit for the general examinations will be limited to six hours English Composition, three hours of history, three hours of biological science, three hours of physical science survey, three hours fine art, three hours of literature, and three hours of algebra.

**Credit for Educational Experience other than the Standard College Classroom Experience.** The total of all credits for this purpose shall be limited to thirty semester hours. This includes credit allowed for Veteran experiences in the Armed Services, all college level examination programs, television experiences through testing, extension credit and correspondence credit.

### ABSENCES

**Academic and Technical Absences.** Registration for a section of a course makes the student responsible for attending that class until the course is completed or until the Academic Dean authorizes withdrawal from that section. The student is expected to attend a minimum of eighty percent (80%) of the classes in order to receive credit in a course. The college reserves the right to sever its relationship with any student who is excessively absent.

For the regular class that meets three periods per week, the student will be placed on academic probation in that class when he incurs the fifth absence. The student will be notified in writing of his status and asked to come in for an interview. If a student incurs ten absences in a class his record will be reviewed by the absence

sub-committee. Unless there are extenuating circumstances such as extended illness combined with no unexcused absences, the student will be removed from the class with a grade of "F". For classes that meet more than or fewer than three times per week, the probation and "cut-out" figures will be adjusted to the same proportion.

The student may appeal to the full absence committee if he is not satisfied with the ruling of the sub-committee. The student must request in writing that a meeting be called to hear his appeal.

The student is responsible for all class work missed during absences, including school business absences. Additional make-up work for unexcused absences may be assigned at the discretion of the teacher. Should a student miss a scheduled test (one that has been scheduled at least two class meetings previous to giving the test), the teacher may elect to give the student an "F" on the test, or assign additional make-up work if the absence is unexcused.

A record of absences is to be kept in the teacher's grade book and turned in to the Registrar's office on grade sheets at the end of nine weeks and at the end of the semester. The semester grade sheet will include the absences incurred during the first nine weeks. This report will consist of the number of absences, not the actual dates. These are for record purposes and will not show on the student's transcript.

**Academic and Technical Excused Absences.** Sickness off campus should be substantiated with: (1) A doctor's statement when attended by a doctor or dentist. (2) A statement from parents for absence of one or two-day duration when the absence is due to illness of a student or to a death in the family.

In cases of an absence due to personal business, any documentation such as receipts, court summons, military orders, etc., should be retained by the student. All excuses for absences should be presented to the instructors.

The Academic Dean's office issues school business excuses for students who represent the school at approved activities; such as, athletic events, club meetings, and field trips. School business excuses do not count toward the "cut-out" number in a class.

**Academic and Technical Tardies.** Students should realize that tardiness causes delay and disruption of a class. Anytime a student establishes a pattern of being consistently tardy in a class, the

teacher will send the student to the Dean. The Dean will then place the student on probation in this class. If the student continues in this pattern of tardiness, he may be removed from the class with a failure in the subject recorded on his permanent record.

When a student is tardy to a class, he must remain after class and inform the teacher he was tardy, not absent. Failure to do this may result in his being reported absent. This will be impossible to correct at a later date.

**Vocational Absences.** No absences are excused, all time missed must be made up. Instructors shall report all absences daily to the counselor's office, where a master file will be retained on each student. A letter will be published daily and placed on the department bulletin board, showing absentees by course for the previous day.

Each time a student is absent for any reason the instructor will inquire as to the reason for absence. The student will be required to fill out an absence form (furnished by instructor), showing date of absence and reason indicated for absence and having the student's signature. The instructor will return this form to the counselor's office where it will be placed in the student's file.

On the third occasion of absence the student is placed on a probationary status. Notification of probation will be made in writing with copies to the student, parents or guardians, coaches (for athletes) and others deemed necessary. Any absence while on probation will result in a meeting of the Absentee Committee where a decision will be made as to termination from school or continued probation.

The Absentee Committee will be composed of a moderator (director or one of assistant directors), all instructors, and a student representative from each class. After hearing reasons for absence and other statements concerning absences, the committee will vote by secret ballot.

**Vocational Tardies.** Anyone reporting to class after 8:00 in the morning or 1:00 in the afternoon will be considered tardy. Three tardies will constitute an absence and make up work will be required. Anyone reporting to class more than thirty minutes late will be counted as absent for that day.

## CHANGES IN CLASS SCHEDULE

Changes in a student's class schedule, including those initiated for a department's convenience, must first be approved by the Academic Dean.

## CLASS STANDING

A student's classification is determined by the amount of work completed, as follows:

Freshman	0-23 semester hours
Sophomore	24 and above semester hours

## EXAMINATIONS

**Regularly Scheduled Examinations.** The regular examinations scheduled at the end of each semester are given beginning at 8:20 and ending by 12:20 in the mornings and beginning at 1:20 and ending by 3:20 in the afternoons. The complete schedule of examinations is announced during the semester.

**Examination Permit.** An examination permit must be obtained from the Business Office prior to reporting for any final examination.

**Eligibility.** No student is eligible to take an examination unless he is free from all arrearages in fees, such as laboratory or library fees, or fines.

**Standards of Honesty.** Although there is no general organized honor system governing the conduct of examinations and tests, the work of the college is conducted on a basis of common honesty. Deviations from this standard are to be reported by the supervising instructor to the Dean.

**Presence during Examination.** If a student is present at all during the examination, he shall be regarded as having attempted the examination, and will be so reported by the examiner.

**Absence during Examination.** Absence from the room during the course of the examination, without the consent of the examiner, shall invalidate the examination.

## CREDIT AND GRADES

**The Semester Hour.** A semester hour is defined as the unit of credit value of work involved in attendance upon lectures or recitations for one class hour a week for one semester, or upon laboratory work varying from two to four hours a week for one semester.

**Grade Symbols.** A final grade is the instructor's evaluation of the student's work and achievement throughout a semester's attendance in a course. Factors upon which the final grade may be based are attendance, recitation, written and oral quizzes, reports, papers, final examination, and other class activities. The evaluation will be expressed according to the following letter system:

Passing Grades  
A Excellent  
B Good  
C Satisfactory  
D Lowest passing grade

Other Grades and Marks  
F Failure  
I Incomplete  
W Withdrawn  
WP Withdrawn Passing  
WF Withdrawn Failing

**Grade Points.** The value of each grade in grade points is as follows: A, 4; B, 3; C, 2; D, 1; F, 0.

**C Average.** A "C" average is defined as having earned an average of two (2) quality points per semester hour attempted.

**F Grade.** The grade of "F" is recorded (1) if the student has failed on the combined evaluation of his work through the semester and his final examination; (2) if the student has dropped the course without permission; or (3) if the student attends the examination without submitting a paper or fails to appear for the examination and presents no acceptable reason for his absence.

**I Grade.** An incomplete grade may be assigned a student if, upon completion of a grading period, some unavoidable circumstance has kept him from meeting some requirements of the course. An incomplete grade is not allowed on the basis of course deficiencies not caused by an unavoidable circumstance. If an incomplete is not removed within the two weeks following the grading period, the grade automatically becomes an "F". This applies to both mid-semester and semester grades.

**W Grade.** The mark "W" is recorded if the student officially withdraws after the first two weeks but before mid-semester. No mark is recorded for a withdrawal made before the end of the second week of the semester.

**WP and WF.** A mark of "WP" or "WF" is recorded if the student officially withdraws after mid-semester but before the scheduled time for the final examination.

### TRANSFER CREDITS

Only credits transferred from an institute which is fully accredited by The Southern Association of Colleges and Schools (or other regional accreditation association) will be accepted by Holmes Junior College. This credit will be reproduced on the permanent records of Holmes Junior College.

All transfer work will be evaluated for its applicability toward the requirements of a particular curriculum or major. This may vary from curriculum to curriculum and is determined by the Academic Dean of the college.

A student who has attended a non-accredited institution may validate up to twenty-four (24) semester hours of credit through the college level examination program.

In the case of students receiving VA benefits, enrollment certificates submitted to the Veterans Administration will reflect proper credit for previous education and training.

To meet the graduation requirements for an associate degree, transfer students must have an overall "C" average on all hours scheduled and rescheduled at all institutions previously attended as well as a "C" average on work scheduled at Holmes Junior College. Students who do not meet this requirement may become eligible for a Certificate of Graduation.

### INSTITUTIONAL CREDIT

Holmes Junior College offers a small number of academic courses which are of a "remedial" or "self-enrichment" nature. These courses earn "institutional" credit. Institutional credit will apply toward a Certificate of Graduation only and is not designed to transfer. **Credit in developmental English will NOT satisfy the**

**English requirement for any degrees or certificates.** Courses for which institutional credit is awarded will have a "O" in the course number.

## COURSE REPEATS

If two or more final grades are recorded for the same course, the last grade (not including the W and WP) will be used to compute the grade point average and will be applied toward graduation. All other grades recorded in the course will be struck through and the course will be noted as repeated on the student's permanent record.

## GRADE REPORTS

A report of the student's work is made at intervals of nine weeks. Students who desire a copy of these grades should make a request to the Registrar. After one copy has been sent, a charge of fifty cents will be made for additional copies.

## STUDENT LOAD

The normal load for a student is sixteen semester hours. The minimum load for a full-time student is twelve semester hours. A student is allowed to take more than sixteen hours per semester when his normal schedule would call for this or when he has maintained an average of **B** or better. **No** student may take more than twenty-one hours in any one semester.

## GRADE RECOGNITION AND HONORS

Students with a sufficient quality point average are recognized at the end of each nine weeks and at the end of the semester.

To be eligible for such recognition a student must be taking at least twelve semester hours (excluding developmental and other non-college credit courses) and have no grade less than a "C".

This recognition is divided into three parts as follows:

**President's List.** Those students who have a quality point average of 3.7 to 4.0.

**Dean's List.** Those students who have a quality point average of 3.4 to 3.699.

**B-Average Students.** Those students who have a quality point average of 3.0 to 3.399.

Honors at graduation are as follows: Those who have earned a 3.7 and above quality point average for all four semesters will be graduated with "Special Honors"; those who have earned a quality point average of 3.4 to 3.7 for all four semesters will be graduated with "Honors". Only graduates who are receiving an AA or AAS degree are eligible for honors or special honors.

## WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school for any reason must secure a withdrawal form from a Counselor's office and have the form signed by the designated school officials. If a student is unable to withdraw in person, he should notify the Academic Dean's office and request a withdrawal form be initiated and completed. Failure to officially withdraw may result in F's in all classes.

## REQUIREMENTS FOR GRADUATION

Holmes Junior College awards the following degrees and certificates: Associate of Arts degree (AA), Associate of Applied Science degree (AAS), Certificate of Graduation, one-year technical certificates, and one-year or two-year vocational certificates.

A candidate for the Associate of Arts degree must complete a minimum of sixty-four semester hours in an academic (college-parallel) program. The hours earned must be applicable to a bachelors degree. The candidate must earn at least 128 quality points. English Composition I and II are required of all graduates.

A candidate who completes the prescribed set of courses for the two-year technical programs shall be eligible for the Associate of Applied Science degree. The requirements also include earning a minimum of sixty-four semester hours, 128 quality points, and credit in English Composition I and II.

A candidate for the Certificate of Graduation must complete sixty-four semester hours. English Composition I and II are required of all graduates.

A candidate who completes the prescribed set of courses for the one-year technical programs shall be eligible for a special de-

partmental certificate. The requirements also include earning a minimum of 32 semester hours, 64 quality points, and credit in English Composition I and II. The student must have a "C" average on the prescribed courses to include English Composition.

**Residency.** Twelve semester hours of residence credit is required for graduation.

A candidate who completes the required number of clock hours for the one-year and two-year vocational programs with a passing grade shall be eligible for a special certificate.

All candidates for graduation must file their applications for a diploma with the Registrar. December graduates must file during the first week of October and any students graduating in May or during the summer session must file during the first week of February. Graduation fees must be paid at these times.

A candidate shall not be eligible to receive a one-year technical certificate and an AAS degree at the same graduation.

## **TRANSCRIPTS**

One transcript will be furnished each student free of charge. For each additional transcript, there will be a charge of one dollar.

## **STUDENT RECORDS**

The Registrar prepares and maintains a permanent scholastic record for each student. These records are treated with due regard to the personal nature of the information they contain. The records are the property of the college; however, the Registrar will honor a student's written request that his official academic record not be released or information contained in his record not be disclosed. Unless there is a written request to the contrary, the following information will be made available to parents, spouses, prospective employers, government security agencies, previous schools attended, campus organizations which required minimum scholastic averages for memberships and organizations awarding financial assistance (grants, scholarships, and loans); name, date, and place of birth, address, dates of attendance, major field of study, class rank, and quality point average. Transcripts are released only at the written request of the student.

## EXPENSES

### ENTRANCE FEE

All students pay an entrance fee \$150.00 per semester. This fee must be paid at the beginning of the semester at the time the student registers. Payment of fees is a part of the registration procedure and failure to complete this step will void registration procedure for the individual.

Academic students are not required to pay special fees for laboratory, secretarial, music or other academic courses. Vocational students are charged a fee to cover materials used in their courses. The entrance fee pays for the school paper, the annual picture, the I.D. card, and a post office box for each student (day student and dormitory student).

An I.D. card is issued to each full-time student as a step in his registration procedure. This card serves the student in many ways and should be in his possession at all times. The I.D. card:

1. Admits the student to all regularly scheduled athletic events held on the Holmes campus.
2. Admits the student to the student union building.
3. Admits the student to the library.
4. Serves as identification at the Campus Bookstore, the Security Office, the Business Office, and Student Elections.

A late registration fee of \$5.00 is charged to any student who fails to register according to the time schedule for registration. An INCOMPLETE registration constitutes a LATE REGISTRATION. The late registration fee will be charged beginning at noon of the first day of classes.

### NON-RESIDENT TUITION

All students whose parents reside in Mississippi, but do not reside in Attala, Carroll, Choctaw, Grenada, Holmes, Madison, Montgomery, Webster, and Yazoo counties, will pay an out-of-district tuition of \$90.00 per school year. This is payable by the semester in advance

and is non-refundable after classes have met. Vocational students whose parents reside in Mississippi but are not from the above counties will be charged at the rate of area students WHEN THERE IS NO COMPARABLE COURSE offered by the junior college responsible for the area in which the student resides.

All students whose parents reside outside the state of Mississippi will pay a tuition fee of \$400.00 for the school year. This fee is payable in advance at the beginning of each semester and is non-refundable after the student has met classes.

### **SPECIAL PLAN FOR SENIOR CITIZENS**

Under a plan adopted by the Board of Trustees persons sixty-five or retired persons over sixty-two may enroll for any class taught by the college without paying any fees except for equipment necessary for some vocational-technical classes.

### **ROOM AND BOARD**

A dormitory resident will pay \$100.00 a semester for a room. This is collected in advance at the first of each semester and is non-refundable.

Board will be \$225 per semester or \$450 per year. It is due and payable at the beginning of each semester. However, upon request, the board payments may be deferred according to the schedule shown on the next page.

#### **Day Student (Each Semester)**

1. District Students (Students from Attala, Carroll, Choctaw, Grenada, Holmes, Madison, Montgomery, Webster, and Yazoo counties) Pay in Advance	\$150.00
2. Other Mississippi Students	\$195.00
3. Out-of-State Students	\$350.00

#### **Dormitory Students (Each Semester)**

1. District Students	\$475.00
2. Other Mississippi Students	\$520.00
3. Out-of-State Students	\$675.00

The preceding costs are due and payable at the time of registration each semester. Upon request, the following payment schedule may be allowed:

### Deferred Payment Calendar for District Dormitory Students

Parents who do not find the following schedule for payments convenient may make special arrangements with the business office.

#### Fall Semester — On Entrance:

August 27, 1979	\$325.00
October 8, 1979	75.00
November 19, 1979	75.00

#### Spring Semester — On Entrance:

January 14, 1980	\$325.00
February 25, 1980	75.00
April 7, 1980	75.00
Total for school year	\$950.00

NOTE: All costs are on a semester basis. The above dates for payment are for convenience only. Holmes Junior College reserves the right to change any charges published when in the judgment of the administration and conditions justify doing this.

Students should have no trouble discerning that the payment on entrance consists of fixed fees of \$150.00 and the non-refundable room rent of \$100.00 plus one-third of the semester cost for board of \$75.00. This totals \$325.00. The other two payments each semester are for board and each payment equals one-third of the semester cost for board which is \$75.00.

Out-of-District Mississippi students pay \$45 per semester in addition to the above costs for district students.

Out-of-State students pay \$200.00 per semester in addition to the costs for district students.

All vocational students pay the same fees as academic students. They also pay \$22.50 per semester for cost of supplies except welding students who pay \$45 per semester.

## REQUIRED SPECIAL TOOLS AND/OR EQUIPMENT VOCATIONAL AND TECHNICAL

Agricultural Mechanics	\$150.00
Auto Body and Fender Repair	100.00
Auto Mechanics	150.00
Building and Construction	100.00
Cosmetology	75.00
Drafting and Design	50.00
Electronic Servicing	125.00
Machine Shop	175.00
Refrigeration and Air Conditioning	200.00
Welding	100.00

Students should check with their instructor prior to purchasing books, tools, and supplies. Prices are subject to change.

### DEPOSITS

Deposits are required for room reservations, for keys to dormitory rooms, and for assuring a place in certain vocational courses. Room deposits and vocational course deposits are non-refundable.

### REFUND POLICY

a. Fees — Ten dollars of the \$150.00 entrance fee is for matriculation and is non-refundable. The remaining \$140.00 is refundable as follows:

One week or less	90 per cent
Less than two weeks	75 per cent
Less than three weeks	50 per cent
Less than four weeks	25 per cent
Four or more weeks	0 per cent

b. Room rent of \$100.00 per semester is non-refundable.

c. Board is refunded on the basis of weeks left in a semester after the week in which withdrawal occurs. The date of withdrawal shall be the date of signing of the official withdrawal sheet by the business office. No reduction is made for absences of less than two continuous weeks (holidays excluded).

d. Refund policy for veterans provides that a refund will be made upon application on a pro-rate basis to an eligible person (service man or active duty, veteran, or war orphan) in receipt of educational benefits pursuing courses of instruction on a non-accredited clock hour basis from the Veterans Administration under existing published laws.

## HOLMES JUNIOR COLLEGE

## OFFERINGS AND SERVICES

### COUNSELING AND ADVISEMENT

The Guidance Department provides academic, social, personal, and vocational counseling for students in an effort to help with personal adjustment, establishing values, determining interests, and choosing vocational and career objectives. Counselors assist the student to formulate and clarify goals and to evaluate intelligently his own abilities, personality traits, and openness to the experiences he is undergoing in an academic community. The student is encouraged at all times to seek counsel, not only in the face of specific problems, but also to discuss ways of constantly improving the skills required for effective living.

### ORIENTATION

The first day of school will include an orientation program designed to introduce students to college life and aid in making adjustments. Topics will include general school regulations, school activities, academic policies, and academic advisement. All new students must take part in the orientation program.

### TESTING

Holmes Junior College is a test center for the American College Test (ACT), College Level Examination Program (CLEP), and General Educational Development Test (GED). Applications for each of these tests may be obtained from the Director of Guidance and Student Services.

The Guidance and Student Services Department provides a variety of specialized tests for students. The various tests are administered, scored, and interpreted as the need arises, and are used as counseling aids.

### PLACEMENT

Placement activities are designed to aid both the academic student and the vocational-technical student. A supply of senior college information is available in the Guidance and Student

Services Department, and counselors are available to assist students in transferring. The vocational counselors assist the vocational-technical students in finding permanent employment.

## HEALTH SERVICE

A school nurse is employed full time. In case of emergencies, the school will see that a student is taken to a hospital. The cost of hospitalization, doctor bills, and medicine, other than that given by the school nurse, must be paid for by the student.

## SCHOLARSHIPS

**Academic Scholarships.** \*Students with composite scores of 25 or above on The American College Test (ACT) are eligible for a \$400 award (\$100 per semester).

\*National Merit finalists and semifinalists are eligible to receive a \$500 award (\$125 per semester).

Valedictorians and Salutatorians from high schools in the Holmes Junior College District are eligible for a \$100 award, provided they have an ACT composite score of at least 18.

\*Recipients of the above academic scholarships are required to maintain at least a 2.000 quality point average each semester.

**Frank B. Branch Scholarship.** Based on scholastic ability, leadership, character, and financial need, this scholarship is given in honor of Frank Branch, former President of Holmes Junior College. It is awarded each year to a Grenada County student who is recommended to the Holmes Junior College Scholarship Committee by his/her high school counselor.

**Athletic Scholarships.** Grant-In-Aid Scholarships are awarded in football and basketball in accordance with the rules and regulations of the Mississippi Junior College Association and are limited to athletes in the Holmes Junior College District. A limited number of out-of-state scholarships are available. Applicants should contact the coach(es) of the sport in which he/she is interested at the college.

**Band Scholarships.** Scholarships are available for musically talented students who desire to participate in the Holmes Junior College Band Program. Awards ranging from \$25 to \$375 per year

are made based on the performance of the student and on the particular band activities in which the student participates. Students may hold band and other scholarships concurrently.

**Music Scholarships.** Scholarships are awarded to students majoring in piano or voice and to students in the choir or the Coachmen Group. Auditions are required for all scholarships of this type, with awards ranging from \$50 to \$500 per year. Students may hold music scholarships concurrently with band scholarships.

**Drama Scholarships.** Scholarships based on talent and performance are available to students interested in Drama. These scholarships range from \$50 to \$200 per year, with awards being based on tryout performance and participation in the various presentations.

**Journalism Scholarships.** A \$100 scholarship is available to one journalism major each year. This award is based on ability, character, leadership, and need.

A \$100 scholarship is available to one Annual staff member each year. This award is based on ability, character, and leadership.

**Cheerleader Scholarships.** Scholarships are available to cheerleaders at the rate of \$50 per semester. Cheerleaders are chosen by a faculty-staff committee, with selection based on performance at tryouts held in April. Applications are available from Guidance and Student Services.

**Hilary O. "Prof" Thomas Scholarship.** George W. Hester of Kosciusko, Mississippi has established the Hilary O. "Prof" Thomas Scholarship in honor of "Prof" Thomas, who was employed at Holmes Junior College from 1946 until his retirement in 1974. "Prof" Thomas, in addition to being head of the Agriculture Department for twenty years, served at varying times as high school principal, high school football coach, Dean of Men, Assistant Dean of Women, and Dean of Student Affairs.

The award of \$500 is to be made at the beginning of each school year to a freshman who plans to continue his/her education at Holmes Junior College. The selection of the recipient of the award will be based on scholastic ability, Christian leadership, integrity, and need.

The selection of the recipient will be made by the Holmes Junior College Scholarship Committee from applications received from

students applying for the scholarship with recommendation from their high school counselor or principal.

**Other Scholarships.** Scholarships are made available to students through the generosity of civic organizations, businesses, industries, interested individuals, and a variety of other sources. Students interested in these scholarships should contact the Director of Financial Aid, Holmes Junior College.

## FINANCIAL AID

The Financial Aid Office at Holmes Junior College believes that no qualified student should be denied an education because of financial need. Financial aid is available to help students meet post-secondary education costs through a program of grants (Basic Educational Opportunity Grant, State Student Incentive Grant), loans, (National Direct Student Loan), work-study and scholarships. In addition, we also offer a school-sponsored work program for students with an interest and desire to work. We assist students with applications for Federally Insured Student Loans.

Holmes Junior College participates in the American College Testing Programs Service (ACT), a service that assists schools and agencies throughout the nation in determining a student's financial need. The ACT (Family Financial Statement) is the document used by Holmes Junior College to determine eligibility for financial aid. The ACT (Family Financial Statement) can be obtained from the Financial Aid Office or at various locations on campus (Student Center, Vo-Tech Building, Old Administration Building, and Library).

In order for a student to be considered for the campus base programs (Work-Study, National Direct Student Loan and State Student Incentive Grant), the student must have on file in the Financial Aid Office a Holmes Junior College Application for Financial Aid, ACT (Family Financial Statement) and a BEOG (Student Eligibility Report). Students must meet all admission requirements before financial aid awards are made.

Applications for financial aid are requested as early as possible, but will be considered at anytime as long as there is money available.

For further information about the various financial aid programs, requirements, eligibility, student's rights and responsibilities, stan-

dards of progress, refund policy, etc. please refer to the Financial Aid Handbook or contact the Director of Financial Aid. The Financial Aid Office is located on the first floor of the Administration Building and is open 5 days a week from 8:00 a.m. to 3:30 p.m.

Financial Aid Applications and Handbooks may be obtained by writing to the Director of Financial Aid, Holmes Junior College, Goodman, MS 39079.

## **STUDENT HOUSING**

There are three men's residence halls that provide space for 300 students. These are Attala, Motel and Choctaw. Each dormitory has public telephone service, and all are air-conditioned.

There are three women's residence halls that provide space for 259 students. These are Grenada, Webster, and Yazoo. Each of these dormitories have public phone service and individual phone service is available. Each of the buildings are air-conditioned.

Rooms in the residence halls are furnished with single beds, dressers, chairs, and tables. Students are accountable for the care of the room and furnishings.

Room reservations are made only after payment of a \$10 reservation fee. This fee is non-refundable.

## **AUTOMOBILES**

Students who wish to operate an automobile on the campus must register the car in the office of the Dean of Student Affairs. A sticker with a registration number is provided to the student.

Students must park cars in designated areas. Fines will be assessed for failure to do so. Continued abuse of regulations will result in withdrawal of permission to operate a vehicle on the campus. This applies to all students—dormitory and non-dormitory alike.

## BOOKS

Books and supplies may be purchased from the book store located in the Lorance Center. Both new and used books are available. The book store will buy books from students at a reasonable discount, depending upon the care that has been taken in the use of the books.

By careful buying and use of books, the cost may be kept to a minimum.

## MAIL SERVICES

Student mail should be addressed to Holmes Junior College, Goodman, Mississippi 39079. Students receive their mail through post office boxes. The fee for the boxes is \$1.00 a semester and is included in the general fees.

## STUDENT CONDUCT

Students are expected to conform to acceptable standards of decency, morality, and courtesy; be truthful; respect the rights of others; be punctual and regular in attendance at classes and assemblies and have regard for college property.

Guides for routine campus and dormitory life are provided students through announcements, student meetings, bulletins, and student handbooks. Through action by the disciplinary committee a student may be excluded from further attendance where evidence indicates that a student participates in unacceptable campus conduct.

## CONTINUING EDUCATION

The Division of Continuing Education provides opportunities for persons of the district who do not participate in the normal on-campus day program to continue their educational development. This is done through evening classes both on campus and at other locations in the district. These locations include Grenada, Winona, Yazoo City, Kosciusko, Canton, and Ackerman.

In addition, the division offers a wide range of special activities and community service programs including seminars, conferences, workshops, short courses, and other activities designed to meet particular needs.

## **THE COOPERATIVE EDUCATION PROGRAM**

Holmes Jr. College has entered an agreement with Mississippi State University whereby any Holmes Jr. College student may enter the cooperative education program while attending Holmes Jr. College. The student must sign up for the program with the Dean of the college. Acceptance by an employing organization is necessary. The student must continue his education at Mississippi State University after finishing at Holmes Jr. College to be able to get a degree through the cooperative program.

A \$10.00 registration fee is charged for each work semester.

Students interested in learning more about the Cooperative Program should contact the Dean, Holmes Jr. College, Goodman, Mississippi, 39079.

## **VETERAN BENEFITS**

Students who plan to attend Holmes Junior College under any type Veteran Educational Assistance Program should file a claim at the Academic Dean's Office in the Administration Building. In order to be eligible for VA educational benefits, a student must adhere to policies established by the school as well as those policies approved by the Veterans Administration and the State Approving Agency.

A statement of the standards of progress and attendance that apply to all veterans under Chapter 34 and 35 of Title 38 are available to each student. A copy can be obtained from the Academic Dean's Office. This statement of standards of progress and attendance was approved by the State Approving Agency on February 26, 1976, and was implemented beginning with the spring semester of 1976. The statement is in compliance with VA Regulation 14253 (D).

## STUDENT ACTIVITIES

### ORGANIZATIONS

Co-curricular activities are an important source of enrichment and recreation and contribute to campus life. Students are urged to participate in their areas of interest.

**Band.** Offers participation in Marching Band (Rifle Corps, Flag Corps, Feature Twirling, Color Guard), Concert Band, Percussion Choir, Jazz Ensemble, Jazz Combo and Small Winds Ensemble performances in concerts, parades, half-time routines and pageantry entertainment. Open to all qualified students.

**Cheerleaders.** A group of 7 students, the purpose of the cheerleaders is to promote school spirit and interest in athletics. They are selected in tryouts held in the spring.

**Chess Club.** Organized to promote the game of chess at Holmes Junior College; meetings are held regularly, and membership is open to all students and faculty members.

**Choir.** The choir is known for its high standards of excellence. Membership is by audition and is open to all students.

**Coachmen.** A vocal ensemble that performs popular and sacred music. Many concerts are given in district high schools and churches throughout the year. Membership is by audition and is open to HJC choir members.

**Collegiate Civitan.** The Collegiate Civitan Club is a service organization designed to promote better citizenship in your home, school, and country. The club sponsors many activities on campus each year and performs service projects on campus and in the community. Membership is by invitation of the Club.

**Cosmetology Club.** The purpose of the club is to promote good public relations and to learn professional practices and business ethics. There are many activities including field trips. The club is open to members of the cosmetology class.

**Fellowship of Christian Athletes.** Membership is open to all athletes, both those currently active and those not participating on an organized team. Dedicated to promoting Christian ideals both on and off the field of play.

**Holme-Towne Players.** Organized to let students participate in acting, publicity, and backstage work. This club is known for the fine quality of production and is open to all students.

**Home Economics Club.** The purpose of the club is to encourage professional growth by affiliating members with the State and National Home Economics Association. This club is open to all Home Economics majors. It's goal is to help members to become more aware of the many careers open to Home Economics majors.

**Industrial Education Club.** The purpose of the club is to encourage students' participation in professional organization and is open to all Industrial Education majors, Engineering Technology majors and minors.

**Phi Beta Lambda.** Organized to promote business leadership and to create interest and understanding in the intelligent choice of business occupations. Membership is open to students enrolled in

one or more business subjects, including business law, accounting, economics, statistics, data processing, and subjects in secretarial courses.

**Phi Theta Kappa.** Phi Theta Kappa is the national scholastic honor society for junior colleges. Its purpose is to recognize intellectual achievement, and to promote character, leadership, and friendship among junior college students. Membership is by invitation and is conferred on those who "establish academic excellence," by having grades in the top ten per cent of the student body.

**Religious Clubs.** The Baptist Student Union, the Christian Council, the COGIC Club, and the Wesley Foundation aim to foster Christian faith and fellowship. All students are welcome at meetings and activities.

**Student Government Association.** Composed of officers and representatives elected by the student body. Serves as mediator between the faculty and student body and assists in student activities.

**Vocational Industrial Clubs of America (VICA).** Established for the purposes of encouraging, through club activities, the development of the "whole student," i.e., social and leadership abilities as well as skills. Open to all students enrolled in vocational and technical courses.

## PUBLICATIONS

**The Growl**, official newspaper of the student body, is published nine times a year. Its purposes are to give publicity and to serve as a workshop or laboratory for students interested in newspaper writing, editing, etc.

Students interested in such work should make it known to the administration upon entering school so that the sponsor of *The Growl* can have this information as soon as possible.

**The Horizons** is the annual of Holmes Junior College and is published by a staff of students who volunteer their time and effort to the task. Those who have had experience in the publication of high school annuals are urged to join the staff. Inexperienced students are welcome and can make a contribution toward the publication of the yearbook.

**Reflections**, published once each year, includes the best creative work submitted by Holmes students. Work appearing in *Reflections* is judged by the members of Holmes Junior College English Department and a panel of students on the *Reflections* staff. Manuscripts are invited from students in all departments.

## COURSES OF STUDY

### ACADEMIC

The following are lists of courses generally required for students planning on majoring in the programs indicated. There may be slight variations in the exact subjects required by the senior college or university from which the student expects to receive a degree. Substitutions may be made in any of the following programs if necessary to meet the curricula requirements of a senior college.

A student is not limited to the programs outlined in the following pages. By proper selection of his courses, he may meet the lower division requirements of many more academic majors other than the ones listed here.

### COURSE I Agriculture

#### First Year

First Semester	Second Semester

**TECHNICAL EDUCATION**

The programs of study set forth on the following pages are designed to lead to the Associate of Applied Science Degree from this college. They are designed for the student who desires to go to work upon completion of two years of college. These programs are referred to as terminal programs. They are not designed for transfer.

Students applying for admission in Technical Education must meet the same admission requirements as other college students. Although all courses offered in every program are college-level courses, most programs contain some courses which will not apply toward a bachelor's degree.

The student who completes the requirements for the Associate of Applied Science Degree is prepared to enter employment at the level of the semi-professional or technician. The demand for trained people at this level is very great, and it is expected to become greater.

**TECHNICAL EDUCATION PROGRAMS**

## Business and Office Technology

- (a) Accounting Clerk—One-Year Certificate
- (b) Clerk Typist—One-Year Certificate
- (c) Secretarial—One-Year Certificate and/or  
Associate of Applied Science Degree

## Data Processing

## Drafting and Design

## Building and Construction

## Child Care

## Radio and Television Broadcasting

**COURSE XXXIII**  
**Business And Office Technology**

+ Students with a year of high school typewriting or shorthand normally schedule the intermediate level courses. If these students elect (with the approval of the Academic Dean) to schedule the elementary level courses, the credit earned may be applied toward a one-year Certificate or a two-year Certificate of Graduation only. The credit would not apply toward an Associate of Applied Science degree.

A student who successfully completes the Accounting Clerk program is prepared to perform a variety of calculating, bookkeeping, and typewriting duties necessary for initial employment in positions such as accounts payable or accounts receivable clerk, abstract examination clerk, or tax record clerk.

A student who successfully completes the Clerk-Typist program is prepared to fill general clerical positions in which skills such as typewriting, filing, and machine calculation are required.

A student who successfully completes the One-Year Secretarial curriculum is trained to enter the business world as a receptionist, general clerical employee, or stenographer.

A student who successfully completes the Two-Year Secretarial curriculum is competent to schedule appointments, give information to callers, handle mail, take dictation, act as an office hostess, and otherwise relieve officials of minor administrative and business details.

This program is designed to develop a business-oriented individual trained to perform such jobs as data entry operators, computer operators, or programmers. Advancement possibilities would include the following positions: data processing managers, custom engineers, systems analysts, or other managerial positions.

Throughout the program, students are confronted with simulated projects and problems that are prevalent in today's business operations. An individual will learn to analyze a business problem and formulate the solution to the problem using electronic data processing application training.

Construction Technology is concerned with the designing, supervision, and construction of homes, commercial buildings, and other building projects. Emphasis is placed on Architectural Technology, which offers such projects as building specifications and codes, blueprint reading, building design, cost and estimates.

Some of the many jobs available to persons trained in this field include: architectural and engineering draftsmen, junior engineering, general contractor's assistant, manager or salesman for building materials and lumber companies, appraiser and inspector, and estimator.

**VOCATIONAL EDUCATION**

The Division of Vocational Education provides programs of study, facilities, and instruction of high quality to every youth and adult who possesses the desire and capability to acquire the knowledge and skills which will enable him to successfully enter and compete in the world of work. Specific occupational training is offered in seven courses of study, each having the objective of aiding students in developing those skills, attitudes, understandings, work habits, and knowledge which will lead to a productive, personally satisfying, and socially useful life.

A student may enter Welding or Auto Mechanics at the beginning of the fall or spring semester. Entrance into other courses is limited to Fall semester only. Students are required to supply their own hand tools.

A certificate is awarded upon successful completion of vocational courses.

**COURSE XXXIX**  
**Agricultural Mechanics****Page**

This program is designed to prepare students for farm machinery mechanic and service occupations. Topics included in the instructional program are: repair and overhaul of gas and LP engines; repair and overhaul of diesel engines; hydraulic systems; transmissions; differentials; cotton pickers; combines; welding; and other farm machinery. This course runs for 18 calendar months meeting six clock hours a day for five school days per week (30 hours per week). The class is limited to twenty students.

**COURSE XL**  
**Automobile Mechanics**  
**Myrick, Rigby**

The many problems and techniques related to the various types of automotive equipment and tools are stressed through lecture and recitation. Actual shop work is required. This work gives students much practical experience in overhauling engines, transmissions, clutches, rear ends; replacing and adjusting brakes; and other practices that are encountered in the repairing of various makes and models of automotive equipment. This course runs 18 calendar months, meeting six hours a day for five school days per week (30 hours per week). The two classes are limited to forty students.

**COURSE XLI**  
**Cosmetology**  
**Hutchison**

This course is designed for students who desire to become Cosmetologists. It is approved by the State Board of Education and the Mississippi State Board of Cosmetology. A student who satisfactorily completes this course will be issued a certificate which entitles her to take the State Cosmetology Board examination for a license to become a hairdresser in the State of Mississippi.

This course runs ten calendar months and meets eight hours per day five days a week. The class is limited to twenty students.

**HOLMES JUNIOR COLLEGE****COURSE XLII****Machine Shop****Mason**

The objective of this course is to train students in the fundamental operations of machine tools and to equip them to enter production as efficiently trained machinists. Classroom work includes mechanical drawing, mathematical problems, and studies related to the various phases of machine shop work, laboratory work, or actual shop practice. It also consists of training in bench work, lathe work, milling machine operations, drill presses, metal planers, dole saws, instrument reading, tool making, etc. This course runs for 18 calendar months meeting six clock hours a day for five school days per week (30 hours per week). The class is limited to twenty students.

**COURSE XLIII****Electronic Servicing****Arnett**

This course is designed to give the student training in basic electronic theory; AM and FM receiver construction and maintenance, radio and television maintenance and repair. Two-way radio construction, service and alignment procedures; and the proper use of tools and test instruments.

Basic electronics, circuit theory, servicing, operation, and alignment procedures will be taught on live equipment to familiarize the student with actual on-the-job troubles. Special emphasis will be placed on solid-state equipment and future technological developments. The student will also be subjected to selected information to prepare for the second-class FCC commercial license examination.

This course runs for 18 calendar months meeting six clock hours a day for five school days per week (30 hours per week). The class is limited to twenty students.

**COURSE XLIV****Refrigeration and Air Conditioning****McKibben**

The objective of this course is to train students in the principles of refrigeration and refrigerant chemicals; types of refrigeration units and systems, compressors, evaporators, and condensers; the overhaul and repair of compressors, controls, valves, motors, seals, thermostats; refrigerator troubles and symptoms; service tests and methods; installation methods, safety rules and equipment; principles, operation, and care of air-conditioning units and systems; ducts, air-flow, air filtering, washing, dehumidifying and cooling; heat loss and heat load calculations; duct design and air duct distribution systems. This course runs 18 calendar months, meeting six clock hours a day, five days a week (30 hours per week). The class is limited to twenty students.

**COURSE XLV****Welding****Taylor, Burrell**

The objective of this course is to train students in the fundamental operations of welding equipment. This course gives the students much practical experience in electric arc welding, oxygen-acetylene welding, inert gas and semi-automatic welding. The student will also gain experience in types of machines, rods metallurgy, weldability, and settings. This course runs for 9 months, meeting six hours per day, five days per week (30 hours per week). The two classes are limited to forty students.

**COURSE XLVI****Practical Nursing**

**Note: This course is not taught on campus.**

This is a twelve-month course designed to prepare qualified men and women to become, upon completion of the prescribed course of study and satisfactory writing of the State Board Examination, Licensed Practical Nurses. The first four months foundation period offers instruction in orientation to practical nursing, health, normal nutrition, human development, introduction to nursing the patient, introduction to illness, and nursing care of selected patients.

The remaining eight months of training offer clinical experience and theory in medical-surgical nursing, pediatric nursing, and maternity nursing. A certificate is awarded upon completion of the course. The class is limited to fifteen students.

**COURSE XLVII****Auto Body and Fender Repair****Horne**

The training in Auto Body and Fender Repair includes the basic theory, assortment, and use of hand tools in the automotive trade; the principles of panel installation; aligning doors and panels and straightening frames; and the use of hydraulic jacks and practical related laboratory projects. A thorough knowledge of the construction, removal and replacement of body panels is also included in this area of training. The students learn the techniques of applying fender, floor, and truck patches with practical related laboratory projects in each area. The theory of estimating damage and the cost of repairing wrecks is also included.

Students study the theory and techniques of automobile painting, use of the acrylic paint, lacquer and enamel, construction and operation of the necessary equipment such as air requirements, types of spray patterns, spray gun care and operation, sanding, masking, removing paint, painting over bare metal, painting lacquer over lacquer, spot painting, off spot mixing colors, and the related laboratory projects. This area of training also includes the principles of arc and gas welding. This course runs for 18 calendar months, meeting six hours a day for five school days per week (30 hours per week). The two classes are limited to forty students.

**KOSCIUSKO SKILL CENTER****Automotive Mechanics****Skelton**

This course is designed to provide the student with the necessary theory and manipulative training to enter the automotive field as a general automotive repair technician and to advance satisfactorily. The course includes all phases of automotive repair and use of testing equipment. Heavy emphasis is placed on engines, power train, brakes and suspension system and electric system. Related education and employability skills training is emphasized.

This course runs for 12 months open-entry-open exit, meeting 7 hours per day for 5 school days per week (35) hours per week. The class is limited to 15 students.

**Metal Fabrication Cluster****Rawson**

The objective of this course is to train students in the fundamental operation and set-ups of various metal production machines, such as squaring shears, punch presses, notching machines, brake presses and spot welding. The student will be given blueprint reading, related education and employability skills training.

The course runs for 6 months open-entry-open exit, meeting 7 hours per day, 5 days per week. The class is limited to 15 students.

**Combination Welding****Blackstock**

The combination welding course provides comprehensive vocational training in all facets of the welding field. Students learn to work with blueprints and to set up and operate hand and semi-automatics electric arc, oxygen acetylene, and inert gas (heliarc) welding equipment. Basic units of instruction include: all position welding (flat, vertical, horizontal, and overhead), brazing soldering, cutting, cast iron welding, pipe welding and stainless steel and aluminum welding.

The course runs for 6 months open-entry-open exit, meeting 7 hours per day 5 days per week. The course is limited to 15 students.

**Residential & Light Industrial Electricity****Kelly**

This course is designed to train the students to perform the following jobs at an occupational entry level. 1. Completely wire or rewire residence to code of specifications. 2. Install commercial conduit electrical systems. 3. Design residential wiring systems. 4. Perform general plant electrical maintenance work. The students are taught to use the necessary tools, equipment and testing devices.

The course runs for 6 months open-entry-open-exit, meeting 7 hours per day for 5 school days per week (35) hours per week. The class is limited to 10 students.

**DESCRIPTION OF COURSES****ACADEMIC**

The following course descriptions indicate the number of lectures and laboratory periods per week. Credit is awarded in terms of semester hours. The last digit in the course number always indicates the hours credit awarded for satisfactory completion.

**ACCOUNTING****Covington****ACC 1213—Principles of Accounting I.**

A study of the elementary accounting principles as applied to the various forms of business organizations, and an introduction to specialized fields of accounting. Three lectures. Three hours credit.

**ACC 1223—Principles of Accounting II (Prerequisite: ACC 1213).**

A continuation of Accounting 1213. Three lectures. Three hours credit.

**ACC 1211—Accounting Practice Case I (Prerequisite: ACC 1213 or concurrent enrollment).**

Completion of two practice sets for single proprietorships. One business uses the sales, cash receipts, purchases, and cash payments journals and the other uses the voucher system. Two hours laboratory. One hour credit.

**ACC 1221—Accounting Practice Case II (Prerequisite: ACC 1223 or concurrent enrollment).**

Completion of two practice sets for corporations. One corporation purchases and sells merchandise employing the voucher system. The other manufactures and sells its products utilizing the job order cost system. Two hours laboratory. One hour credit.

**ACC 2313—Cost Accounting (Prerequisite: ACC 1223).**

The course includes the fundamental principles employed in accounting for the three elements of cost; materials, labor, and factory overhead expenses; the application of these principles in a job order system of cost accounting, a process system of cost accounting, and a standard cost system; and various miscellaneous techniques used in cost accounting. Three lectures. Three hours credit.

**ART****Levanway****ART 1113—Art Appreciation.**

A simple approach to the understanding of the plastic arts (drawing, architecture, sculpture, painting, graphics minor art, and industrial arts) on a conceptual basis. Three lectures. Three hours credit.

**ART 1313—Drawing I.**

Study of basic principles of construction of visual forms. Emphasis on line, perspective, and shading. Use of black and white—media: pencil and charcoal. Required of art majors. Six hours laboratory. Three hours credit.

**ART 1323—Drawing II (Prerequisite: ART 1313).**

Introduction to color dynamics and precision drawing as used in creative expression. Emphasis on composition. Required of art majors. Six hours laboratory. Three hours credit.

**ART 1413—Design I.**

Emphasis on principles and materials in visual design. Introduction to theory and terms. Use of color theory and elementary lettering. Six hours laboratory. Three hours credit.

**ART 1423—Design II (Prerequisite: ART 1413).**

Continuation of basic principles of design, color and texture. Creative approach to the three dimensional design. Study of methods of water color, tempera and fluid media. Required of art majors. Six hours laboratory. Three hours credit.

**ART 2313—Drawing III (Prerequisite: ART 1323).**

Fluid media techniques; wash drawing. Interpretation and composition emphasized. Two lectures, four hours laboratory. Three hours credit.

**ART 2323—Drawing IV (Prerequisite: ART 2313).**

Fluid media techniques; wash drawing, interpretation and composition emphasized. Two lectures and four hours laboratory. Three hours credit.

**ART 2503—Painting I.**

Techniques used in painting water colors, oils, pastel or other media, in still life and landscape pictures. Three hours laboratory. Three hours institutional credit. (Not designed to transfer).

**ART 2513—Painting I (Prerequisite: ART 1313 and ART 1413).**

Techniques used in painting water colors, oils, pastel or other media in still life and landscape pictures. Six hours laboratory. Three hours credit.

**BUSINESS ADMINISTRATION****Covington, Earle****BAD 2323—Business Statistics (Prerequisite: MAT 1313).**

Introduction to statistical methods of collecting, presenting, analyzing, and interpreting, quantitative data for business management and control. Three lectures. Three hours credit.

**BAD 2413—Business Law I.**

This course is designed to acquaint the students with the fundamental principles of law as they relate to the basic legal problems of business transactions in our economy. Special attention will be given to an introduction to law; law of contracts; agencies and employment; negotiable instruments and commercial papers. Three lectures. Three hours credit.

**BAD 2513—Principles of Management.**

This course is a study of basic management principles as applied to the functions of planning, organizing, directing, controlling, and coordinating with effective communication in business enterprise. Three lectures. Three hours credit.

**BAD 2713—Principles of Real Estate.**

The course deals with the nature of the real estate market, types of ownership of property, contracts, methods of transferral of title, instruments used in transfer, title closing, financing, property management, insuring, and appraising. Three lectures. Three hours credit.

**BAD 2723—Real Estate Law.**

Designed to give the student a general background in the law of real property and the law of real estate brokerage. Three lectures. Three hours credit.

**BAD 2743—Real Estate Appraisal.**

An introductory course covering the purposes of appraisal, the appraisal process and the different approaches, methods and techniques used to determine the value of various types of property. Three lectures. Three hours credit.

**BIOLOGY****Chambliss, Sims****BIO 1313—Botany I.**

A laboratory course dealing with the application of biological principles to the study of plants including a survey of the kinds, their structure and function. Two lectures and two hours laboratory. Three hours credit.

**BIO 1323—Botany II (Prerequisite: BIO 1313).**

A continuation of BIO 1313. Two lectures and two hours laboratory. Three hours credit.

**BIO 2313—Dendrology (Prerequisite: BIO 1313).**

Identification, recognition, and morphological characteristics of woody plants. Two lectures; four hours laboratory and field work. Three hours credit.

**BIO 2414—Zoology I.**

A laboratory course dealing with the application of biological principles to the study of animals including a survey of the kinds, their structure, and function. Emphasis is on the invertebrates. Three lectures and two hours laboratory. Four hours credit.

**BIO 2424—Zoology II (Prerequisite: BIO 2414).**

A continuation of BIO 2414 with emphasis on the vertebrates. Two lectures and four hours laboratory. Four hours credit.

**BIO 2513—Human Anatomy and Physiology I (Prerequisite: BIO 2414).**

A study is made of the anatomy and physiology of the human body as an integrated whole with more detailed studies of the skeletal, muscular, and nervous systems. Two lectures and two hours laboratory. Three hours credit.

**BIO 2523—Human Anatomy and Physiology II (Prerequisite: BIO 2513).**

This is a continuation of Anatomy and Physiology 2513 in which the circulatory, respiratory, digestive, urinary, reproductive, and endocrine systems are studied. Two lectures and two hours laboratory. Three hours credit.

**BIO 2924—Microbiology.**

A survey of the microbes (microscopic organisms) of the plant and animal kingdoms, with emphasis and detailed study being

placed on those affecting other forms of life, especially man. Laboratory is devoted to basic techniques of microbial study, such as culturing, identifying, control, anatomy and life cycles. Two lectures and four hours laboratory. Four hours credit.

## CHEMISTRY

Sanders

### **CHE 1214—General Chemistry I.**

This course covers the fundamental law and theories of chemistry, together with a study of the descriptive chemistry of the non-metallic elements. Three lectures and three hours laboratory. Four hours credit.

### **CHE 1224—General Chemistry II (Prerequisite: CHE 1214).**

A study of the metals, their properties, uses, and identification. The topics of ionization, chemical equilibrium and the colloidal state are taken up. Three lectures and three hours laboratory. Four hours credit.

### **CHE 2425—Organic Chemistry I (Prerequisite: CHE 1224).**

Basic principles of carbon chemistry bonding, structure, and behavior; aliphatic compounds; identification and preparation of compounds. Three lectures and six hours laboratory. Five hours credit.

### **CHE 2435—Organic Chemistry II (Prerequisite: CHE 2425).**

Continuation of Chemistry 2425. Aromatic and complex compounds. Three lectures and six hours laboratory. Five hours credit.

## ECONOMICS

Sumrall

### **ECO 1113—Elementary Economics (Survey).**

A study of the fundamental principles of economics which form the foundation of our present economic system. Attention will be given to the laws governing production and consumption of goods and services, economic resources, the exchange of wealth, human needs, the determination of price and values, and problems of business organization. (Students taking ECO 1113 cannot receive credit for ECO 2113 or ECO 2123). Three lectures. Three hours credit.

**ECO 2113—Principles of Economics I (Macroeconomics).**

An introduction to economic principles, problems, and policies with emphasis on the monetary system and national income theory and measurement. Three lectures. Three hours credit.

**ECO 2123—Principles of Economics II (Microeconomics).**

A continuation of ECO 2113 with emphasis on price and production theory and international trade. Three lectures. Three hours credit.

**EDUCATION****Blackmon****EDU 1311—Orientation.**

This course is designed to help the freshman adjust himself to college life. It includes a study of personal and social adjustments. It teaches effective study habits, reading methods, use of the library, note taking, report writing, and gives the student guidance in collegiate life. One lecture. One hour credit.

**ENGINEERING****Kitchin****EGR 2413—Engineering Mechanics (Statics, Strength & Dynamics).**

Engineering mechanics, vector algebra, vector calculus, force systems, equilibrium, friction, kinematics, kinetics of particles and rigid bodies, and vibrations. Three lectures. Three hours credit.

**ENGLISH****Bunch, Gill, Haley, Maxwell, Power****ENG 1103—Developmental English I.**

This course in writing stresses basic communication skills—writing of paragraphs, outlines, summaries and essays, general review of mechanics, and reading for ideas included. Three lectures. Three hours institutional credit. (Not designed to transfer)

**ENG 1113—English Composition I.**

A study of grammar and composition, with emphasis on the sentence and the paragraph. Readings, frequent themes. Three lectures. Three hours credit.

**ENG 1123—English Composition II (Prerequisite: ENG 1113).**

A continuation of ENG 1113 with emphasis on the whole composition. Readings, themes, and research paper required. Three lectures. Three hours credit.

**ENG 1203—Developmental English II.**

A continuation of ENG 1103. Three lectures. Three hours institutional credit. (Not designed to transfer)

**ENG 2223—American Literature I.**

Representative prose and poetry of the United States from Colonial beginnings through Walt Whitman. Three lectures. Three hours credit.

**ENG 2233—American Literature II.**

Representative prose and poetry of the United States from Walt Whitman to the present. Three lectures. Three hours credit.

**ENG 2323—English Literature I.**

A survey of English literature from Beowulf through the Age of Neo-Classicism. Three lectures. Three hours credit.

**ENG 2333—English Literature II.**

A survey of English literature from the Age of Revolution and Romance to the present time. Three lectures. Three hours credit.

**EDUCATIONAL PSYCHOLOGY**

Henson

**EPY 2513—Child Psychology (Human Growth & Development I).**

A course which deals with the various aspects of human growth and development. Problems studied include physical, mental, social, and emotional development from infancy through preadolescence. Special attention is given to the implications for education. Three lectures. Three hours credit.

**EPY 2523—Adolescent Psychology (Human Growth and Development II).**

A study of the individual during the adolescent years. Three lectures. Three hours credit.

**GEOGRAPHY****Bunch****GEO 1113—World Geography.**

A regional survey of the basic geographic features and major new developments of the nations of the world. Three lectures. Three hours credit.

**GRAPHICS AND DRAWING****Adams, Miles****GRA 1112—Engineering Drawing I.**

The use of instruments, geometric construction, orthographic projections, sectional views, and lettering. Four hours laboratory. Two hours credit.

**GRA 1122—Engineering Drawing II (Prerequisite: GRA 1112).**

Auxiliary views, dimensioning, aonometric projections, oblique drawing, and fasteners. Four hours laboratory. Two hours credit.

**GRA 1142—Graphic Communications.**

Blueprint reading, general use of instruments, understanding basic lines and planes. Lettering theory of projection drawing; technical communication through orthographic, auxiliary, and oblique vision. Four hours laboratory. Two hours credit.

**GRA 1152—Visualization and Graphic Design (Prerequisite: GRA 1142).**
